Parent lessons	<p>Look at how we can incorporate people who are not able to attend.</p> <p>Some parents finding it sad that cannot attend all.</p> <p>Workshops</p>	<p>Longer than a weeks' notice is needed for parents is needed. Can we post or text to say save the date?</p> <p>Can we do a range of dates and possible times.</p> <p>Parents need to explain to children reasons for not coming.</p> <p>Could any resources be placed in homework books when needed to help out with the homework.</p> <p>Could a handout be provided for different methods for these things or put on the website.</p>	<p>Staff will be reminded to make parents aware at least 2 weeks in advance via class dojo and letter home.</p> <p>School have been delighted with responses we have had. We do acknowledge that some parents aren't able to attend.</p> <p>The objective of these sessions is that they take place whilst children are in school, so parents have a clearer idea of the expectations of the curriculum and the children and how it looks.</p> <p>Continue to speak to child's class teacher is children are struggling with any aspects of their homework.</p> <p>School is still working on collating Year objectives to be seen on the school website to help parents understand expectations of each year group.</p>
Walking along the drive	<p>Currently no access to the path from the road. Children walking along and some parents seeing this finding it dangerous.</p>	<p>Taking railings out.</p> <p>Put pedestrian crossing.</p>	<p>As highlighted in the newsletter this was an issue presented by the school to the council and Bellway homes before they built. We subsequently persued it but have been told that neither have a duty to look at a provision.</p> <p>However the governors are being asked to use school money to come up with a solution.</p>
After School Club/Care	<p>Parents wanting to see if school could provide a wrap-around child care.</p>	<p>Griffydam and Broom Leys and Whitwick have companies brought in to help with this provision.</p> <p>Parents who use Breakfast Club possible use it.</p>	<p>Aware there is some demand for after school care. But as discussed most local primary schools bring in outside companies and the cost could be prohibitive. ER happy to look at potential uptake.</p>

		Our hall is currently used for free after school clubs. Which are well attended. Space would be an issue for an outside company to come in and use.	
MUGA	What an amazing space. Children and parents love it.	Great use of the space.	Continue to promote.
Uniform	What is the uniform? Lots of children being seen in jeans in Year 6. Hair = should it be up? Lots of children wearing hair half up down.	Please could it be clearly stated what is acceptable and what is not as other children are starting to say that they can wear what they want and parents not sure.	Children wearing inappropriate clothes are spoken to. They are given school uniform to wear. All children must wear their hair tied up and are provided with bobbles in school. Every child is challenged if they have their hair down or are wearing jeans.
Lunch	Should the children be putting their lunch back in their box? Sandwiches. Parents would like to see what their child has eaten.	Can it be made clear to the children what they need to do with packaging/uneaten food.	Sandwich children should be bringing all their packaging/uneaten food home. ER will remind lunch time supervisors. ER is on duty in the hall at lunch and has not been aware of any children doing this, but will check.
Whiteboard pens	What is the method again to get the pen off the jumpers again please?	It is part of the resources we use in school and unfortunately there is nothing out there at the minute as an alternative. Staff are mindful of children using pens inappropriately.	Top tip from a parent has been put into the newsletter twice. But will be included in the next one. Hair spray sprayed on the mark and washed as normal.
Swimming	King Edward students being inappropriate. How can this be helped?	Mark Fritche is the manager of the swimming pool. He is upset about the reports given.	He has advised for parents to contact King Edward directly about this matter and make a complaint.
<p><b>Next Meeting to be held:</b> date will be sent via text for Summer Term.  <b>Email:</b> <a href="mailto:parentforum@thringstone.leics.sch.uk">parentforum@thringstone.leics.sch.uk</a>  Please remember to give items you want discussing to the office. They can be done anonymously if you wish to do so.</p>
